

HIGHER THAN THE SKY

(Arizona Cactus Chorus)

Music and additional lyrics by Greg Amerind (c) 1998

Forever we must fight,
Forever we must win.
Working together, side by side,
Sharing tears of happiness.
Shining within our hearts, hope for humankind.
Tomorrow's golden dreams;
Higher than the sky.

We've come a long, long way,
And we've so far to go.
Living each moment, stride for stride,
We struggle and we grow,
Never giving up the dream
Burning in our hearts.
Together we will fly
Higher than the sky.

Higher than the sky,
Reaching out for a distant star. (The unreachable star)
It matters not who we are,
Only who we wish to be.

This is the dream we seek-
A world that knows no war,
Friendship that has no boundaries,
With faith our only sword.
Shining from every heart is the light of peace,
Arise! (This we pledge to try)
Arise! ('Til the day we die)
Arise, let freedom fly
Higher than the sky!

Higher than the sky,
Higher than the sky!
